YOKOYAMA A (& Kawashima S, Sakamoto S, Akita H, Okada T, Mizutani T, Fukuzaki H) Platelet reactivity and its dependence on alpha-adrenergic receptor function in patients with ischaemic heart disease 20
ZINGONE B (& Salvi A, Branchini B) Perioperative coronary artery spasm leading to myocardial ischaemia after vein graft surgery: case report 280
ZWAAN C DE *see* de Zwaan C

SUBJECT INDEX

1983, Volume 49

Abscess, pericardial, causing right ventricular outflow tract obstruction, successful surgical correction: case report (Upward *et al*). 507
Action potential shortening, dependence of reperfusion ventricular fibrillation (Penny & Sheridan). 295 *P*
Adrenaline, intravenous, effect of electrocardiogram, blood pressure, and serum potassium (Struthers *et al*). 90
Alcohol, acute cardiovascular effects (Kupari). 174
Alpha$_1$-antitrypsin in acute myocardial infarction (Gilutz *et al*). 26
Ambulatory
  ECG ST segment changes, normal individuals (Quyyumi *et al*). 615 *P*
  in detection of transient myocardial ischaemia (Deanfield *et al*). 616 *P*
  of pulmonary artery pressure (Nathan *et al*). 33, 299 *P*
  using the 'retrospectroscope' (Davies *et al*). 620 *P*
Amiodarone
  myocardial concentration, and QT interval, relation between (Debbas *et al*). 297 *P*
  tissue distribution, relation to adverse effects (Adams *et al*). 297 *P*
Amrinone
  in impaired left ventricular function, haemodynamic effects (Wilmshurst *et al*). 77
  and pirbuterol compared in chronic heart failure, additional effects of isosorbide dinitrate (Bayliss *et al*). 214
  therapy, side effects (Wilmshurst & Webb-Peploe). 447
Aneurysms, results of new valve conserving operation (Fagan *et al*). 302 *P*
Angina pectoris
  effort related, effectiveness of 'long acting nitrates' (O'Neill *et al*). 619 *P*
  unstable, cigar and pipe smoking related to four year survival (Hickey *et al*). 423
Angioplasty, coronary, *see* Coronary angioplasty
Annuloaortic ectasia in Takayasu's arteritis associated with Hashimoto's disease: case report (Shimokawa *et al*). 94
Antimyosin (FAB')$_2$, ^{123}I, role in early detection of myocardial necrosis (Timmis *et al*). 294 *P*
Antitachycardia pacemaker, automatic, clinical use (Sowton *et al*). 621 *P*
Aorta(ic)
  regurgitation, non-invasive quantification by Doppler echocardiography (Diebold *et al*). 167
  root, acute dissection, results of new valve conserving operation (Fagan *et al*). 302 *P*
  stenosis, critical, management in infancy (Sink *et al*). 622 *P*
  thoracic, role of computerised tomography in diseases (Stone). 298 *P*
  valve disease, diastolic mechanisms of impaired exercise tolerance (Oldershaw *et al*). 568
  surgery, cardiac catheterisation in assessment (Hall *et al*). 268
  systolic closure, in prosthetic mitral valves: correspondence (Glaser: Motro & Eldar). 515
Aorto-left ventricular communication after closure, late postoperative problems (Serino *et al*). 501
Atrioventricular defects
  congenital heart disease in offspring of parents with (Emanuel *et al*). 144
  double mitral valve orifice in (Warnes & Somerville). 59
Arrhythmia(s)
  cardiac, challenge, children (Curry & Bucknall). 622 *P*
  management, and ambulatory electrocardiographic monitoring, precision versus inflexibility: editorial (Coumel). 201
  transtelephonic diagnosis (Bucknall *et al*). 620 *P*
  ventricular, in normal heart (Holt *et al*). 300 *P*
Arteriovenous malformation, intracranial, and aneurysm in vein of Galen as cause of heart failure in infancy (Stanbridge *et al*). 157
Asymmetric septal hypertrophy and hypertrophic cardiomyopathy (Emanuel *et al*). 309
Atherosclerosis, protection of ethanol (Lloyd *et al*). 295 *P*
Atrioconduction ablation by high energy shock, treatment of refractory supraventricular tachycardias (Ward *et al*). 621 *P*
Atrioventricular conduction system, closed chest modification in refractory supraventricular tachycardia (Critelli *et al*). 544
Atrium(al)
  defects, isolated, non-invasive assessment (Walker *et al*). 163
  fibrillation, embolism in (Dewar & Weightman). 133
  human and baboon, extracts, natriuretic activity (MacPhee *et al*). 295 *P*
  shunting, left to right, in tricuspid atresia (Rao). 345
Automatic antitachycardia pacemaker, clinical use (Sowton *et al*). 621 *P*

Balloon
  atrial septostomy, prostaglandin E_2 in transposition of great arteries before (Beitzke & Suppan). 341
  detachable, combined with coronary angioplasty, transcatheter occlusion of coronary to bronchial anastomosis by: case report (Reidy *et al*). 284
Beta adrenergic blockade
  effect on thallium-201 myocardial perfusion imaging (Hockings *et al*). 83
  effect on exercise response after cardiac transplantation (Bexton *et al*). 584
  selective or non-selective, effect on reperfusion ventricular fibrillation (Manning *et al*). 296 *P*
  after myocardial infarction—where are we now: editorial (Chamberlain). 105
Bipolar pacing wire in pulmonary artery in monitoring oxygen tension and cardiac output (Bourdillon *et al*). 299 *P*
Blalock-Taussig operation, modified, use of polytetrafluoroethylene (Impra) grafts (Kay *et al*). 359
Blood pressure and plasma vasopressin (Davies *et al*). 528
BRL 26921, early reperfusion after selective intracoronary thrombolysis using (Hillis *et al*). 303 *P*

Captopril
  in acute and chronic heart failure (Wenting *et al*). 65
  in hypertension and heart failure: editorial (Dargie *et al*). 305
Cardiac
  catheterisation in assessment for valve surgery (Hall *et al*). 268
  performance, left heart transfer function as index (Walton). 303 *P*
  sequelae of acute head injury: correspondence (Larremore & Markovchick). 101
  transplantation, effect of beta blockade on exercise response after (Bexton *et al*). 584
  trauma, multiple peripheral emboli after: case report (Kertes *et al*). 187
  tumours, *see* Tumours, cardiac
Cardiomyopathy
  congestive, deficient 'natural' cytotoxicity in (Cambridge *et al*).

623 *P*
hypertrophic, mitral regurgitation in (Kinoshita *et al*). 574
Catecholamine and histamine responses to physiological stress (Cleland *et al*). 291 *P*
Catheter induced spasm in aortocoronary vein grafts (Heijman *et al*). 30
Cholesterol, serum total in middle-aged British men (Thelle *et al*). 205
Coarctation of aorta
associated with ventricular septal defects, cross-sectional echocardiography (Smallhorn *et al*). 485
localised, age dependent spectrum (Elzenga *et al*). 317
Computerised tomography evaluation
of coronary artery bypass graft patency (Foster *et al*). 617 *P*
diagnosis of left ventricular aneurysms (Foster *et al*). 298 *P*
role in diseases of heart and aorta (Stone *et al*). 298 *P*
Congenital heart disease
comparison of internal diameter of great arteries, echocardiography (Gussenhoven *et al*). 45
duct dependent, prostaglandin in early management of critically ill newborn infant (Hallidie-Smith). 294 *P*
in offspring of parents with atrioventricular defects (Emanuel *et al*). 144
heart block, serological studies (Maddison *et al*). 301 *P*
Coronary
angiography, catheter induced spasm in aortocoronary vein grafts (Heijman *et al*). 30
of left main coronary artery, changes in haemodynamics and coronary flow (Amende *et al*). 300 *P*
for multiple disease (Sowton). 299 *P*
success, assessment using maximal ST segment/heart rate slope (Silverton *et al*). 289 *P*
transluminal, and early restenosis, fibrocellular occlusion after wall laceration: case report (Essed *et al*). 393
Coronary artery, anomalous origin of both from the pulmonary trunk: case report (Keeton *et al*). 397
bypass graft patency, evaluation by computerised tomography (Foster *et al*). 617 *P*
disease, mortality prediction using statistics (Cattell *et al*). 291 *P*
prediction and maximal ST/heart rate slope (Ilsley *et al*). 290 *P*
prediction and Q wave changes during exercise (O'Hara *et al*). 289 *P*
regional distribution, accurate prediction using R wave adjusted ST segment depression (Walker & Wilde). 618 *P*
in severe haemophilia (Small *et al*). 604
severity, assessment using ST/segment/heart rate relation during atrial pacing (Boyle *et al*). 619 *P*
left main, coronary angioplasty, changes in haemodynamics and coronary flow (Amende *et al*). 300 *P*
occluded left main stem, 5 patients and review (Ward *et al*). 276
spasm, perioperative, leading to myocardial ischaemia after vein graft surgery: case report (Zingone *et al*). 280
Coronary
bypass grafting, with perioperative myocardial infarction, findings (Qureshi *et al*). 302 *P*
care, prehospital, effect on community mortality from myocardial infarction (Wilson *et al*). 616 *P*
surgery, early, role of early postinfarction exercise test (Jennings *et al*). 289 *P*
Correspondence
Captopril in pulmonary hypertension (Kastanos *et al*). 513
Cardiac sequelae of acute head injury (Larremore & Markovchick). 101
Genesis of high frequency heart sounds (Drui *et al*: Traill). 199
Nomenclature of the ductus arteriosus (Marquis & Godman). 288
Systolic closure of aortic valve in patients with prosthetic mitral valves (Glaser: Motro & Eldar). 515
Thomas Lewis—the early years (Harper & Pitt: Hollman). 403
'Torsade de pointes' tachycardia: Re-entry of focal (Curry). 103
Creatine kinase isoenzyme MB determinations showing infarct size estimation, peak activity and predictability (Fiolet *et al*). 373
Cytotoxicity, deficient 'natural', in congestive cardiomyopathy (Cambridge *et al*). 623 *P*

Diameter, internal, great arteries, comparison in congenital heart disease, echocardiography (Gussenhoven *et al*). 45
Digoxin, myocardial clearance (Griffiths *et al*). 296 *P*
Disopyramide
and flecainide, changes in *'in vitro'* serum protein binding after acute myocardial infarction (Caplin *et al*). 298 *P*
and mexiletine, treatment of recurrent sustained ventricular tachycardia (Manz *et al*). 222
in paroxysmal supraventricular tachycardia (Sethi *et al*). 532
Double
chambered left ventricle, treated by exclusion of accessory chamber: case report (Kay *et al*). 195
mitral valve orifice in atrioventricular defects (Warnes & Somerville). 59
outlet right ventricle, with spontaneous closure of ventricular septal defect: case report (Marino *et al*). 608
Ductus arteriosus, nomenclature: correspondence (Marquis & Godman). 288

Echocardiography, Doppler and M-mode, correlation between velocity measurements from (Meltzer *et al*). 244
Editorial
Ambulatory electrocardiographic monitoring and the management of arrhythmias, precision versus inflexibility (Coumel) 201
Beta adrenoceptor antagonists after myocardial infarction – where are we now? (Chamberlain). 105
Converting enzyme inhibitors in hypertension and heart failure (Dargie *et al*). 305
Primary pulmonary hypertension (Haworth). 517
Prostaglandins and the cardiovascular system (Vane). 405
Written declaration, 104
Electrical cardiac injury, (electrocution) non-invasive evaluation; case report (Lewin *et al*). 190
Electrocardiographic monitoring, ambulatory, arrhythmia management: editorial (Coumel). 201
Emboli, peripheral, multiple, after cardiac trauma: case report (Kertes *et al*). 187
Embolism
in mitral valve disease and atrial fibrillation (Dewar & Weightman). 133
pulmonary, recurrent, associated with left recurrent laryngeal palsy (Wilmshurst *et al*). 141
Enzyme inhibitors, converting, in hypertension and heart failure: editorial (Dargie *et al*). 305
Erratum 563
Ethnanol
acute cardiovascular effects (Kupari). 174
reduces calcium content of aortic tissues, and atherosclerosis (Lloyd *et al*). 295 *P*
Exercise
early postinfarction test, role in identifying candidates for early coronary surgery (Jennings *et al*). 289 *P*
echocardiography in aortic valve disease (Oldershaw *et al*). 568
induced ST segment elevation, significance in previous myocardial infarction (Fox *et al*). 15
Q wave changes during, and coronary artery disease prediction (O'Hara *et al*). 289 *P*
response after cardiac transplantation, effect of beta blockade (Bexton *et al*). 584

Flecainide and disopyramide, changes in *'in vitro'* serum protein binding after acute myocardial infarction (Caplin *et al*). 298 *P*

Glucose oxidation, changes by autotransplanted baboon heart (Drake-Holland *et al*). 294 *P*
Glyceryl trinitrate
compared with nifedipine (Stone *et al*). 442
intravenous, reduction of infarct size in inferior infarction (Jaffe *et al*). 452
Gold-195m, development and clinical validation (Dymond *et al*). 303 *P*

Haemodialysis, chronic, effect of hydration state on cardiac function (Golf *et al*). 183
Haemophilia, severe, and coronary artery disease (Small *et al*). 604
Hashimoto's disease, associated with Takayasu's arteritis, annuloaortic ectasia in: case report (Shimokawa *et al*). 94
Head injury, acute, cardiac sequelae: correspondence (Larremore & Markovchick). 101
Heart
autotransplantation, changes in glucose oxidation (Drake-Holland *et al*). 294 *P*
diseases, role of computerised tomography (Stone *et al*). 298 *P*
failure, acute and chronic, captopril in (Wenting *et al*). 65
chronic, amrinone and pirbuterol compared, additional effects of isosorbide dinitrate (Bayliss *et al*). 214
and hypertension, converting enzyme inhibitors in: editorial (Dargie *et al*). 305
in infancy caused by intracranial arteriovenous malformation with aneurysm of vein of Galen (Stanbridge *et al*). 157
left, transfer function, important index of cardiac performance (Walton *et al*). 303 *P*
Histamine and catecholamine responses to physiological stress (Cleland *et al*). 291 *P*
Hydralazine, haemodynamic effects in large ventricular septal defects (Nakazawa *et al*). 461
Hydration state, effect on cardiac function in chronic haemodialysis (Golf *et al*). 183
Hypertension
captopril in: correspondence (Kastanos *et al*). 513
and heart failure, converting enzyme inhibitors in: editorial (Dargie *et al*). 305
malignant, cardiac structure and function (Shapiro & Beevers). 477
pulmonary, associated with left recurrent laryngeal nerve palsy (Wilmshurst *et al*). 141
primary: editorial (Haworth). 517
treatment in acute stage of myocardial infarction (Renard *et al*). 522
Hypertrophic cardiomyopathy
and asymmetric septal hypertrophy (Emanuel *et al*). 309
childhood, prognostic implication (McKenna *et al*). 290 *P*
echocardiographic criteria for diagnosis (McKenna *et al*). 618 *P*
left ventricular relaxation, measurements (Thompson *et al*). 250
mitral regurgitation in, Doppler technique (Kinoshita *et al*). 574
obstructive systolic anterior motion and intraventricular pressure gradient site in (Nagata *et al*). 234

Infarct size estimation from serial CK MB determinations: peak activity and predictability (Fiolet *et al*). 373
Infective endocarditis with mitral valve aneurysm echocardiographic detection: case report (Enia *et al*). 98
Interatrial shunts, functional and anatomical correlates, echocardiography (Forfar & Godman). 292 *P*
Interrupted aortic arch, echocardiography (Smallhorn *et al*). 292 *P*
Intra-atrial baffle function in immediate postoperative period after Mustard procedure (Sutherland *et al*). 623 *P*
Ischaemic heart disease
leucocyte migration inhibition by stimulated mononuclear cell supernatants in (Das *et al*). 381
platelet reactivity and its dependence on alpha-adrenergic receptor function in (Yokoyama *et al*). 20
and R wave amplitude (Deanfield *et al*). 8
Isosorbide dinitrate in chronic heart failure (Bayliss). 214

Labetalol for hypertension in acute stage of myocardial infarction (Renard *et al*). 522
Left recurrent laryngeal nerve palsy associated with primary pulmonary hypertension and recurrent pulmonary embolism (Wilmshurst *et al*). 141
Leucocyte migration, inhibition by stimulated mononuclear cell supernatants in ischaemic heart disease (Das *et al*). 381
Lewis, Sir Thomas, the early years: correspondence (Harper & Pitt: Hollman). 403
Lipids, blood, middle-aged British men (Thelle *et al*). 205
Lipoprotein-cholesterol, serum total, middle-aged British men (Thelle *et al*). 205

Malignant hypertension, cardiac structure and function (Shapiro & Beevers). 477
Manuscripts, uniform requirements for submission to biomedical journals (International Committee of Medical Journal Editors). 1
Maximal ST/heart rate slope
and coronary artery disease prediction (Ilsley *et al*). 290 *P*
in assessment of success of coronary angioplasty (Silverton *et al*). 289 *P*
Metoprolol, effect of very early intervention with on myocardial infarct size (Boyle *et al*). 229
Mexiletine and disopyramide, treatment of recurrent sustained ventricular tachycardia (Manz *et al*). 222
Microemboli, pulmonary, from heart (James) 122
Mitral
prolapse, prevalence, 2D echocardiography, healthy young women (Warm *et al*). 334
regurgitation in hypertrophic cardiomyopathy, Doppler technique (Kinoshita *et al*). 574
stenosis, left ventricular disease, incidence and mechanisms (Cotter *et al*). 302 *P*
valve aneurysm with infective endocarditis, echocardiographic detection: case report (Enia *et al*). 98
disease, echocardiographic assessment (Egeblad *et al*). 38
embolism in (Dewar & Weightman). 133
double orifice, in atrioventricular defects (Warner & Somerville). 59
lesion associated with secundum atrial septal defect, 2D-echocardiography (Nagata *et al*). 51
prosthetic, systolic closure of aortic valve in: correspondence (Glaser: Motro & Eldar). 515
replacement, effect on left ventricular function in mitral regurgitation (Huikuri). 328
surgery, cardiac catheterisation in assessment (Hall *et al*). 268
Mortality, prediction, in coronary artery disease, using statistics (Cattell *et al*). 291 *P*
Multiple disease, coronary angioplasty (Sowton). 299 *P*
Mustard procedure
intra-atrial baffle function, immediately postoperative (Sutherland *et al*). 623 *P*
late haemodynamic evaluation in transposition (Joffe *et al*). 293 *P*
Myocardial infarction
beta adrenoceptor antagonists after – where are we now: editorial (Chamberlain) 105
changes in *'in vitro'* serum protein binding of disopyramide and flecainide after (Caplin *et al*). 298 *P*
community mortality, effect of prehospital coronary care (Wilson *et al*). 616 *P*
experimental, lack of correlation between ventricular late potentials and inducibility of malignant ventricular tachyarrhythmias (Cobbe *et al*). 617 *P*
first, prognostic value of radionuclide ventriculography at rest and during exercise (Dewhurst & Muir). 111

followed by myocardial rupture, ten year review (Feneley *et al*). 550
inferior, reduction of infarct size with intravenous glyceryl trinitrate (Jaffe *et al*). 452
value of electrocardiogram in diagnosing right ventricular involvement (Braat *et al*). 368
perioperative, in coronary bypass grafting (Qureshi *et al*). 302 *P*
Myocardial
infarct size, effect of very early intervention with metoprolol on (Boyle *et al*). 229
smoking influence on morbidity and mortality: review (Mulcahy). 410
cigar and pipe, related to four year survival (Hickey *et al*). 423
effects of cessation after 10 years (Åberg *et al*). 416
labetalol for hypertension in acute stage (Renard *et al*). 522
previous, significance of exercise induced ST segment elevation (Fox *et al*). 15
self admission, controlled trial (Reynell). 364
tocainide in prophylaxis of primary ventricular fibrillation (Campbell *et al*). 557
ischaemia, transient, detection in stable angina by 24 hour continous monitoring (Deanfield *et al*). 616 *P*
after vein graft surgery, perioperative coronary artery spasm leading: case report (Zingone *et al*). 280
necrosis, role for ^{123}I-antimyosin (FAB')$_2$ (Timmis *et al*). 294 *P*
perfusion and wall motion, new method for measuring simultaneously with thallium-201 tomography (Handler *et al*). 304 *P*
rupture after acute myocardial infarction, ten year review (Feneley *et al*). 550
Myxoma, right ventricular, thrombus mimicking: case report (Shiu & Abrams). 612

Natriuretic activity of extracts of human and baboon atrium (MacPhee *et al*). 295 *P*
Nifedipine
coronary haemodynamic effects, comparison with glyceryl trinitrate (Stone *et al*). 442
intracoronary, influence on left ventricular function, coronary vasomotility, and myocardial oxygen consumption (Serruys *et al*). 427
Nitrates, 'long acting', effectiveness in effort related angina pectoris (O'Neille *et al*). 619 *P*
Notices, 104, 283, 404, 516, 611

Occlusion, complete, of left main stem coronary artery, 5 patients and review (Ward *et al*). 276
Ostium secundum atrial septal defects, detection by transoesophageal cross-sectional echocardiography (Hanrath *et al*). 350
Oxygen desaturation in sleep apnoea syndrome, ECG abnormalities associated with (Tirlapur & Mir). 615 *P*

Pacemaker
antitachycardia, automatic, clinical use (Sowton *et al*). 621 *P*
tachycardia reversion, 28 patients studies (Nathan *et al*). 621 *P*
Paroxysmal supraventricular tachycardia, disopyramide in (Sethi *et al*). 532
Pirbuterol and amrinone compared in chronic heart failure, additional effects of isosorbide dinitrate (Bayliss *et al*). 214
Platelet(s)
reactivity, and its dependence on alphaadrenergic receptor function in ischaemic heart disease (Yokoyama *et al*). 20
role in histopathological and mechanical changes in autovenous vein grafts (Gershlick *et al*). 291 *P*
Polytetrafluoroethylene (Impra) grafts in modified Blalock-Taussig operation (Kay *et al*). 359
Postextrasystolic potentiation, effect on amplitude and timing of regional left ventricular wall motion in ischaemic heart disease (Gibson *et al*). 466
Pressure-derived indices of left ventricular relaxation in hypertrophic cardiomyopathy (Thompson *et al*). 259
Primary pulmonary hypertension: editorial (Haworth). 517
Proceedings, British Cardiac Society, 62nd Annual General Meeting, Bristol, April 1983, 615
Autumn Meeting, Wembley, December 1982. 289
Prostacyclin, intravenous, failure to influence initial progress of unstable angina (Bergman *et al*). 616 *P*
Prostaglandins
and the cardiovascular system: editorial (Vane). 405
E_1 in early management of critically ill newborn with duct dependent congenital heart disease (Hallidie-Smith). 294 *P*
E_2, in management of transposition of great arteries before balloon atrial septostomy (Beitzke & Suppan). 341
Pulmonary
artery pressure, ambulatory monitoring (Nathan *et al*). 33
embolism, echocardiographic features mimicking right ventricular myxoma: case report (Shiu & Abrams). 612
trunk, anomalous origin of both coronary arteries from: case report (Keeton *et al*). 397
veins, stenosis with ventricular septal defect (Presbitero *et al*). 600
unilateral absence or extreme hypoplasia (Kingston *et al*). 148
Q wave changes during exercise, and coronary artery disease predictor (O'Hara *et al*). 289 *P*
QT interval and myocardial amiodarone concentration, relation between (Debbas *et al*). 297 *P*

R wave amplitude and ischaemic heart disease (Deanfield *et al*). 8
Radionuclide
angiography, intervention, in detection of left ventricular contractile reserve (Murray *et al*). 304 *P*
ventriculography at rest and during exercise after first myocardial infarction, prognostic value (Dewhurst & Muir). 111
Reperfusion ventricular fibrillation
dependence on action potential shortening (Penny & Sheridan). 295 *P*
effects of selective and non-selective beta blockade (Manning *et al*). 296 *P*
Restenosis, early, and transluminal coronary angioplasty, fibrocellular occlusion after wall laceration: case report (Essed *et al*). 393
Retrospectroscope (Davies *et al*). 620 *P*
Rheumatic mitral valve disease, echocardiographic assessment of suspected dominance (Egeblad *et al*). 38

Secundum atrial septal defect, associated with mitral valve lesion, 2D echocardiography (Nagata *et al*). 51
Sick sinus syndrome and carotid sinus syndrome, difference between (Morley *et al*). 620 *P*
Sleep apnoea syndrome, EEG abnormalities associated with oxygen desaturation (Tirlapur & Mir). 615 *P*
Smoking
cessation after myocardial infarction, effects on mortality after 10 years (Åberg *et al*). 416
cigar and pipe, related to four year survival after unstable angina or myocardial infarction (Hickey *et al*). 423
cigarette, influence on morbidity and mortality after myocardial infarction: review (Mulcahy) 410
Sotalol, disopyramide and metoprolol compared, effects on potential re-entry circuits in experimental canine ventricular tachycardia (Cobbe *et al*). 297 *P*
Sounds, heart, high frequency, genesis: correspondence (Drui *et al*: Traill). 199
ST segment
changes during ambulatory EGG monitoring (Quyyumi *et al*). 615 *P*
depression, R wave adjusted in prediction of regional distribution of coronary artery disease (Walker & Wilde). 618 *P*

elevation, exercise induced, and previous myocardial infarction (Fox *et al*). 15
heart rate relation during atrial pacing in assessment of coronary artery disease (Boyle *et al*). 619 *P*
Subtraction
digital, angiography in diagnosis of left ventricular aneurysm (Greenbaum *et al*). 617 *P*
endcoding, two dimensional, to increase two dimensional diagnostic versatility (Love *et al*). 618 *P*
Subvalvar aortic stenosis after tetralogy of Fallot repair: case report (Christy *et al*). 510
Systolic anterior motion and intraventricular pressure gradient site in hypertrophic obstructive cardiomyopathy (Nagata *et al*). 234

T wave, inversion, asymmetry, significance (Short & Weir). 564
Tachycardia
paroxysmal supraventricular, disopyramide in (Sethi *et al*). 532
refractory supraventricular, ablation of atrioventricular conduction (Ward *et al*). 621 *P*
closed chest modification of atrioventricular system (Critelli *et al*). 544
reversion pacemakers, 28 patients study (Nathan *et al*). 621 *P*
Takayasu's arteritis associated with Hashimoto's disease, annuloaortic ectasia in: case report (Shimokawa *et al*). 94
Tamponade, right ventricular diastolic collapse, echocardiography (Williams & Partridge). 292 *P*
Tetralogy of Fallot
accessory tricuspid valve tissue causing obstruction of ventricular septal defect (Faggian *et al*). 324
repair, discrete subvalvar aortic stenosis after: case report (Christy *et al*). 510
Thallium-201
myocardial perfusion imaging, effect of beta adrenergic blockade (Hockings *et al*). 83
tomography, simultaneous measurement of myocardial perfusion and wall motion (Handler *et al*). 304 *P*
Thrombosis, left ventricular, transience: case report (Frandsen *et al*). 193
Thrombus (i)
in antrum atrii dextri as source for pulmonary emboli (James) 122
left atrial ball valve, in mitral stenosis: case report (Dent *et al*). 400
mimicking right ventricular myxoma: case report (Shiu & Abrams). 612
Time constant of left ventricular relaxation, estimation (Thompson *et al*). 250
Tocainide in prophylaxis of primary ventricular fibrillation in acute myocardial infarction (Campbell *et al*). 557
'Torsade de pointes' tachycardia. Re-entry or focal: correspondence (Curry). 103
Transcatheter occlusion of coronary to bronchial anastomosis by detachable balloon: case report (Reidy *et al*). 284
Transoesophageal cross-sectional echocardiography in detection of ostium secundum atrial septal defects (Hanrath *et al*). 350
Transposition of great arteries
diagnosis of 2D echocardiography (De Giovanni *et al*). 293 *P*
late haemodynamic evaluation of Mustard operation (Joffe *et al*). 293 *P*
prostaglandin E_2 before balloon atrial septostomy (Beitzke & Suppan). 341
Transtelephonic arrhythmia diagnosis (Bucknall *et al*). 620 *P*
Tricuspid
atresia, left to right shunting in (Rao). 345
valve, 2D echocardiography, leaflet definition and prolapse (Brown & Anderson). 495: erratum 563
tissue, accessory, causing obstruction of ventricular septal defect in tetralogy of Fallot (Faggian *et al*). 324
Triglycerides, blood levels, middle-aged British men (Thelle *et al*). 205
Truncus arteriosus, anatomical-angiographic study (Ceballos *et al*). 589
Tumours, cardiac, echocardiographic colour image processing, clinical value, two cases (Allan *et al*). 154

Valve
disease, cardiac catheterisation in assessment (Hall *et al*). 268
replacement in aneurysms or acute dissection of aortic root (Fagan *et al*). 302 *P*
Vasopressin, plasma and blood pressure (Davies *et al*). 528
Vein
grafts, aortocoronary, catheter induced spasm in (Heijman *et al*). 30
autogenous, role of platelets in histopathological and mechanical changes (Gershlick *et al*). 291 *P*
of Galen, aneurysm, and intracranial arteriovenous malformation as cause of heart failure in infancy (Stanbridge *et al*). 157
Velocity measurements, correlation between Doppler and M-mode contrast echocardiography (Meltzer *et al*). 244
Ventricle (ventricular)
aneurysm, left, digital subtraction angiography in diagnosis (Greenbaum *et al*). 617 *P*
arrhythmias in normal heart (Holt *et al*). 300 *P*
fibrillation and polymorphic ventricular tachycardia mapping and surgery (Campbell *et al*). 300 *P*
primary, prophylaxis with tocainide in myocardial infarction (Campbell *et al*). 557
left, aneurysms, computerised tomography in diagnosis (Foster *et al*). 298 *P*
contractile reserve detected by intervention radionuclide angiography (Murray *et al*). 304 *P*
disease in mitral stenosis, incidence and mechanism (Cotter *et al*). 302 *P*
double chambered, congenital, treated by exclusion of accessory chamber: case report (Kay *et al*). 195
function, impaired, effects of amrinone (Wilmshurst *et al*). 77
in mitral regurgitation, mitral valve replacement (Huikuri) 328
isovolumic relaxation, estimation of time constant (Thompson *et al*). 250
relaxation in hypertrophic cardiomyopathy, pressure-derived indices (Thompson *et al*). 259
thrombosis, transience: case report (Frandsen *et al*). 193
transit time in normal ventricles, regional variation and contraction abnormalities (Walton *et al*). 388
wall motion in ischaemic heart disease, postextrasystolic potentiation on amplitude and timing (Gibson *et al*). 466
response, rapid, in WPW syndrome enhanced during exercise (Crick *et al*). 301 *P*
right, diastolic collapse, echocardiographic sign of tamponade (Williams & Partridge). 292 *P*
involvement in myocardial infarction, value of ECG in diagnosis (Braat *et al*). 368
outflow tract obstruction, caused by pericardial abscess, successful surgical correction: case report (Upward *et al*). 507
septal defects, associated with coarctation of aorta, cross-sectional echocardiography (Smallhorn *et al*). 485
large, afterload reduction treatment for (Nakazawa *et al*). 461
natural history, 2D echocardiography (Sutherland *et al*). 293 *P*
and pulmonary vein stenosis (Presbitero *et al*). 600
spontaneous closure in double outlet right ventricle: case report (Marino *et al*). 608
tachyarrhythmias, malignant, inducibility, and ventricular late potentials, lack of correlation between after experimental myocardial infarction (Cobbe *et al*). 617 *P*
tachycardia, polymorphic, mapping and surgery (Campbell *et al*). 300 *P*
recurrent sustained, treatment with mexiletine and disopyramide (Manz *et al*). 222
sotalol, disopyramide, and metoprolol effects on potential re-entry circuits compared, dog (Cobbe *et al*). 297 *P*
Wolff-Parkinson-White syndrome enhanced during exercise, rapid ventricular response (Crick *et al*). 301 *P*
